

**Monday, July 16**

**9:30 AM** Keynote Speaker: Prof. Reza Zoughi, IEEE Fellow, Missouri University of Science & Technology, USA  
**Microwave and millimetre-wave imaging for NDE – past, present and future**

**10:00 AM** Keynote Speaker: Prof. Xiaochuan Pan, IEEE Fellow, University of Chicago, USA  
**Recent advances in x-ray image reconstruction**

**10:30 AM** Keynote Speaker Prof. Konstantina S. Nikita, SMIEEE, National Technical University of Athens  
**Vascular image analysis to support diagnosis and assessment of atherosclerosis**

**Tuesday, July 17**

**09:00 AM** Keynote Speaker: Dr. Hujun Yin, SMIEEE, University of Manchester, UK  
**Adaptive nonlinear manifolds and dimensionality reduction for image processing**

**09:30 AM** Keynote Speaker: Gang Lu, University of Kent, UK  
**Advanced Monitoring and Characterization of Flames through Digital Imaging**

**10:00 PM** Keynote Speaker: Dr George Zentai, IEEE Fellow, Varian Medical Systems, USA  
**New method for breast tumor tracking**
